ABOUT ME

I am a web developer with a background in teaching, marketing, and music. Through self teachings, courses, and the renowned coding boot camp Le Wagon, I am now searching for a new career in the web development environment. I am excited to inject my passion and desire for clean results into new projects. As a decisive team player, empathy and strong communication are my core values in producing quality results within a team.

SKILLS & TOOLS

Back-end
Ruby, Rails

Front-end
HTML5, CSS3/ SCSS, JavaScript ES6, Bootstrap, Stimulus

Databases
PostgreSQL, Active Record

Other tools
Git/GitHub
Prototyping in Figma
Adobe Photoshop
Deployment with Heroku
Cloudinary

INTERESTS

For 10 years, I've managed a successful Youtube channel of popular Japanese and English vocal cover songs.

You can check it out at *youtube.com/mikutan*.
